In order to maintain our facilities and keep our club running as smoothly as possible, all parents are required to contribute a minimum of five (5) mandatory hours of work during the season. At registration, a **\$40.00 cash deposit** will be collected from each family. A full refund will be given when parents have completed their five hours of voluntary service to the club.

**How it works:** A member of the board will call you to find out your availability and assign a task to you from your selection below. You will be allotted a time slot and given instructions as to what is involved. When you arrive for duty, ***it is your responsibility*** to make sure that you sign in and sign out so that we can keep a record of your hours worked. We will not give refunds if we do not have a record of your hours worked.

**Please Check Preferred Assignments**

(One work assignment equals 2.5 hours.)
